

Dear Neighborhood Partner,

Community Enhancement Collaboration, Inc. (CEC), is a nonprofit organization whose mission is to enhance the quality of life in Washington Park, Hollywood, FL, and surrounding areas. CEC promotes health, civic, and social interests that foster community pride and encourage resident participation in activities designed to help each other. As a grassroots organization, CEC strives to alleviate the negative impacts of apathy and inaccessible services for the vulnerable populations of South Broward and beyond.

CEC projects, programs, and events are valued contributors to urgent intervention initiatives providing care opportunities to "At-Risk" members of our community. Contributing to programs that develop the mind, body, and soul. CEC outreach creates positive interactions that support individuals today while building a foundation for future success.

We invite you to join us and become a Community Partner in collaboration with the Washington Park Homeowners Association which has been partnering with CEC since 1982. In 2004 CEC gained non-profit status in recognition of our successful efforts in delivering information, resources, health screenings, and food to those in need. We could not continue to provide these services without Community Partnership sponsorship. Never have the community Partners (individuals, businesses, and organizations) been more important as we continue to host our weekly food distribution programs.

The most important step in the planning process for successful events is obtaining local and corporate sponsorships from individuals, businesses, and organizations, to help offset the costs associated with CEC operations.
